- Kung Liahng Wang, M.D. / Mackay Memorial Hospital, Taiwan
- Yasuhiro Udagawa, M.D. / Fujita Health University, Japan
- Sarikapan Wilailak, M.D. / Mahidol University, Thailand

Invitation

On behalf of the Asian Society of Gynecologic Oncology, we would like to cordially invite you to the 1st International Workshop on Gynecologic Oncology to be held in Seoul, Korea from 31 July to 1 August, 2010.

This workshop is organized to promote the academic environment and to enhance the communication among Asian countries prior to the 2nd Biennial meeting, which

will be held in November, 2011.

ASGO was founded in November, 2008 in accordance with a resolution adopted in the 7th Korea-Japan Gynecologic Oncology Joint Meeting and it has council members from 10 asian countries nominated from asian gynecologic oncologists.

ASGO has achieved stability in such a swift manner that it stands shoulder to shoulder with European Society of Gynecological Oncology and Society of Society of Gynecologic Oncologists (SGO). The 1st Biennial Meeting of ASGO was successfully held in Tokyo, Japan in November, 2009.

I firmly believe that the 1st International Workshop on Gynecologic Oncology will be a great opportunity for Asian young doctors to enhance their knowledge in this field and also for every participant to have a wider perspective on the Gynecologic Oncology as renowned speakers will present their recent studies on Gynecologic Oncology.

I hope Asian Society of Gynecologic Oncology will play a leading role to establish systematic studies and educational environment and to care Asian patients who are suffered from gynecologic tumor.

I wish this Workshop would be a memorable one to all participants and welcome you in Seoul upcoming July.

Soon Beom Kang, M.D., Ph.D.
