

# Participant Report

Aye Thida Kyaw  
Thingangyun Sanpya General Hospital  
Myanmar

## ➤ Thanking

Firstly, let me thanks to all of the responsible persons from ASGO. I'm sure that I can't participate to 3rd ASGO workshop without the ASGO supporting. Thus, I've no words to express my gratitude for invitation.

## ➤ Benefits

By attending the workshop, I've so many experiences.

- 1) getting a chance to be familiar with other young doctors from various nations.
- 2) the presentations of invited speakers are valuable for me.
- 3) knowledge sharing in the field of gynecologic oncology is very nice.
- 4) the attractive cultures of Korea are wonderful and impressive to me.

## ➤ Conclusion

From my point of view, this workshop is invaluable for young doctors. As for me, I'm now preparing to attend Ph.D (gynecologic oncology). Then, I also hope to participate next workshop.

Thank you,  
Regards,  
Dr.Aye Thida Kyaw (Myanmar)
